Society Of Women Engineers SWE, Kolhapur Affiliate

EVENT REPORT -A.Y.2025-26

Name of Club – Society of Women Engineers (SWE), Kolhapur Affiliate

Logo –

Tagline :

Establishment Year- 2025

Information about club –

The **Society of Women Engineers (SWE)** is a globally recognized non-profit organization that inspires women to achieve their full potential as engineers, leaders, and innovators. At **KIT's College of Engineering (Empowered Autonomous), Kolhapur (KITCOEK)**, the SWE chapter has consistently worked towards empowering female students through various events that promote technical knowledge, leadership qualities, and communication skills.

We at SWE Kolhapur Affiliate dedicated to address diverse aspects for existence and survival of the fittest , organized various activities.

Faculty Coordinator - Ms. Sushnmita Sarkar

1. Introduction to the Society of Women Engineers (SWE)

The **Intercollegiate Debate Competition**, a flagship event of SWE, was conceptualized to encourage logical thinking, analytical reasoning, and confidence among students. It aimed not only to polish their oratory skills but also to promote healthy discussions on diverse topics relevant to society, technology, and philosophy.

2. Commencement and Design of the Event

The event commenced with great enthusiasm in the seminar hall, which was beautifully adorned with thematic posters and banners designed by the SWE student team. The stage setup reflected professionalism and creativity, featuring the SWE logo, podiums for the debaters, and a well-arranged seating area for dignitaries, judges, and participants.

The debate competition was designed in **three rounds**, each testing the depth of participants' knowledge, their spontaneity, and their ability to reason under pressure. The structure was carefully planned to allow both **individual** and **group** debates, ensuring a dynamic and engaging flow throughout the day.

3. Inauguration and Ribbon-Cutting Ceremony

The inaugural session began with the **entry of the esteemed chief guests – Mrs. Sharanya Menon and Mr. Soham Tiwade**. The audience welcomed them with thunderous applause an warmth. The inauguration was symbolized by a **ribbon-cutting ceremony**, signifying the official commencement of the event.

Following the inauguration, the guests were presented with floral bouquets and words of appreciation by the SWE coordinators and student representatives.

4. Introduction of the Guests Mrs. Sharanya Menon

Mrs. Menon is a distinguished educator and mentor known for her remarkable contribution to communication and personality development programs. With years of experience in teaching and training, she has guided countless students to excel in professional and leadership arenas. Her calm demeanor and inspiring personality made her presence truly enriching for the event.

Mr. Soham Tiwade

Mr. Soham Tiwade is a young orator, engineer, and critical thinker known for his innovative insights into philosophy and technology. His educational background blends analytical rigor with creative

thought, making him a dynamic speaker. His enthusiasm for student development and open-mindedness towards diverse perspectives made him a perfect guest for the debate competition.

---

5. Exchange of Tokens of Appreciation

As a gesture of goodwill, **Mrs. Sharanya Menon** presented a **token of appreciation** to **Mr. Soham Tiwade**, symbolizing collaboration and mutual respect.
In turn, **Mrs. Sarkar**, the **Head Faculty Coordinator of SWE at KITCOEK**, presented a **token of gratitude** to **Mrs. Sharanya Menon** for gracing the event with her presence and words of wisdom.

Another highlight was the **presentation of a token to Judge Mrs. Shruti Kashid** by **Mrs. Jahida Khan**, Co-Faculty Coordinator of SWE, recognizing her contribution and support to the competition.

---

6. Address by the Dignitaries

Mrs. Sarkar opened the event with a warm and thoughtful speech. She highlighted the purpose of organizing the debate — to provide a platform for young minds to express their viewpoints fearlessly and responsibly. Reflecting on Mrs. Sharanya Menon's extensive experience, she emphasized the importance of confidence, preparation, and respect in public discourse. Her words set a positive and encouraging tone for the day.

Speech by Mrs. Sharanya Menon

Mrs. Menon, in her address, beautifully spoke about **enthusiasm, empowerment, and equality for women** in all domains. She motivated students to use their voices as instruments of change and to uphold respect in debates as in real life. She expressed her admiration for the energy of the participants and congratulated the SWE team for providing such a meaningful platform.

Speech by Mr. Soham Tiwade

Mr. Tiwade began his speech with a striking **thought of disagreement by Stephen Hawking**, transitioning into examples such as the **death of George Washington due to misinformation**, the **discrimination faced by Rosa Parks**, and insights from **Advaita philosophy**. He skillfully interlinked these points to explain how disagreement, awareness, and philosophical reasoning are central to debate and progress.
He concluded his thought-provoking speech by appreciating all participants for being part of a journey where ideas, not egos, are tested.

7. Structure and Rules of the Debate

The debate competition was structured to test the articulation, spontaneity, and reasoning of the participants under defined time limits:

- **Total Duration:** 9 minutes per participant/team
  - **2 minutes for preparation**
  - **5 minutes for active debating**
  - **2 minutes for conclusion**

There were **two main categories**:

1. **Individual Debate** – One participant speaking *for* the motion and another *against* it.
2. **Group Debate** – Four members per group, debating on topics decided by a coin toss to ensure impartiality.

---

8. Round 1: Individual Debate / Group Debate

The first round saw intense yet respectful exchanges as participants presented their perspectives with clarity and conviction. Each debater was judged based on **content, logical reasoning, body language, presentation skills, and voice modulation**.

The session was judged by **Mrs. Shruti Kashid**, who offered keen observations on each debater's command over language and confidence. Participants demonstrated diverse ideologies, and their balanced arguments made it an intellectually stimulating start.

---

9. Round 2: Group Debate

The second round featured **group debates** consisting of four members each. A **toss of coin** determined the team's stance — *for* or *against* the motion. The interaction between teams was

lively, full of critical analysis, counter-questions, and strategic rebuttals.

This round was judged by **Mrs. Kshitija Tashi**, who evaluated teams on **coordination, clarity of points, logical flow, and teamwork**. Out of numerous participants, **10 groups** and **8 individuals** qualified for this round.

Later, the individuals were divided into **two groups**, and the debate continued with even greater intensity. Dominance, rebuttal clashes, and misconceptions were handled deftly by the participants, leading to engaging rounds that displayed true debating spirit.

---

1. Round 3: The Final Showdown

2. Valedictory Ceremony

After rigorous selection, **6 groups** advanced to the final round. The competition reached its intellectual peak as participants battled ideas with precision, supported by factual reasoning and passionate delivery. Judges carefully assessed **the depth of arguments, counter-points, and concluding remarks** to determine the winners.

At the end of the final round, results were declared:

- **Winner (1st Place)**
- **1st Runner-up**
- **2nd Runner-up**
- **Best Speaker Award**

The audience erupted with applause as winners were announced, celebrating their excellence and composure throughout the competition.

The **valedictory session** marked the graceful conclusion of the event. The guest of honor, **Mr. Jitendra Bhatt**, **Dean of Student Activities at KITCOEK**, presided over the ceremony. He was welcomed by **Mrs. Sarkar**, who presented a **token of appreciation** on behalf of SWE.

The **prize distribution ceremony** followed, where winners received certificates, trophies, and words of encouragement from the dignitaries. The hall resonated with pride and achievement as students celebrated their success.

3. Closing Remarks and Reflections

Both **judges** – Mrs. Shruti Kashid and Mrs. Kshitija Tashi – shared their **insights and reflections** on the overall performance of participants. They praised the clarity of thought, confidence, and respectful debating etiquette displayed by the students.

In her closing note, Mrs. Sarkar expressed heartfelt gratitude to all guests, judges, faculty coordinators, and student volunteers for making the event a grand success. She acknowledged the efforts of the organizing committee and emphasized the importance of such platforms in nurturing leadership and communication among youth.

4. Conclusion

The **Intercollegiate Debate Competition by SWE** concluded on a high note, leaving an enduring impression of intellect, empowerment, and collaboration. The event stood as a shining example of the SWE mission — to inspire, empower, and unite women in engineering and beyond through excellence in communication and leadership.

As participants departed, the spirit of debate, respect for differing opinions, and enthusiasm for learning lingered — marking yet another milestone in the journey of SWE at KITCOEK.

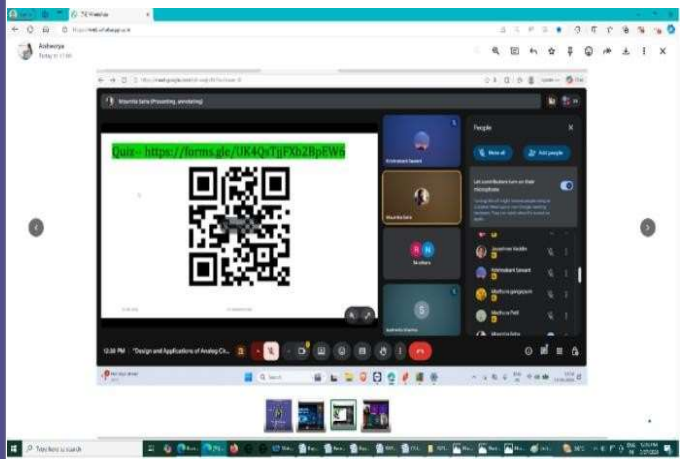

EVENT 1: Guest Lecture on "Design and Application Of Analog Circuits in Modern Electronic Systems"

On **15th of March 2026**, the students club by the name "Society Of Women Engineers SWE", Kolhapur Affiliate in association with Department of Electrical Engineering at Kolhapur Institute of Technology's, College of Engineering, Empowered Autonomous, organized guest lecture on "Design and Application Of Analog Circuits in Modern Electronic Systems". The expert lecture was delivered by Dr.Moumita Saha, Assistant Professor Senior Grade 1 at School Of Electronics Engineering (SENSE),VIT-AP University. The event witnessed enthusiastic participants from diverse Engineering branches.
Mrs. Sushmita A. Sarkar ,SWE Kolhapur Affiliate Coordinator hosted the event.

EVENT 2: Guest Lecture "Biodiversity of Western Ghats"

A guest lecture on the topic "Biodiversity of Western Ghats" was organized for the students of Second Year B. Tech Civil and Environmental Engineering at KIT's College of Engineering under the banner of the Society of Women Engineers (SWE). The session was conducted on **08 May 2026 11:45 a.m. to 1:45 p.m**.

The activity was coordinated by **Dr. Manjussa N. Sarnobbat**, Departmental SWE Coordinator, Department of Civil and Environmental Engineering. The department received valuable support and guidance from Dr. Akash Anand, Head of the Department of Civil and Environmental Engineering, in organizing the guest lecture successfully. The resource person for the session was Dr. Makarand Aitawade. He is currently working as Assistant Professor and Head in the Department of Botany at Dr. N. D. Patil Mahavidyalaya and possesses 16 years of teaching and research experience in the field of Botany and Biodiversity studies. During the lecture, Dr. Aitawade explained the rich biodiversity of the Western Ghats in a very engaging and informative manner. He highlighted the importance of conservation of flora and fauna and shared valuable insights about rare and endemic species found in the region. He has described six new species belonging to genera such as Mucuna and Begonia. He has also published 22 research papers, 44 books, and 72 general articles in newspapers and magazines. In addition, he has delivered expert talks on Akashvani Kolhapur. The session became highly interactive and interesting as the speaker presented photographs of rare flowers and videos of birds from the Western Ghats region. Students enthusiastically participated in the session and gained knowledge about ecological diversity, environmental conservation, and the significance of preserving natural ecosystems. The lecture proved to be highly beneficial for the students of Civil and Environmental Engineering as it enhanced their awareness regarding biodiversity conservation and environmental sustainability. The students appreciated the informative presentation and enjoyed the session thoroughly. The Department of Civil and Environmental Engineering expressed sincere gratitude to Dr. Makarand Aitawade for sharing his valuable knowledge and making the session memorable and inspiring for the students.

EVENT 3: Guest Lecture on the topic "Art of Living"

The Department of Biotechnology, in association with the Society of Women Engineers (SWE) Kolhapur Affiliate, successfully organized a Guest Lecture on the topic "Art of Living" on **15th May 2026** from **4:00 PM to 5:00 PM** at the Department of Biotechnology, KIT's College of Engineering, Kolhapur. The activity was coordinated by **Miss Sayali Kedam** , Departmental SWE Coordinator, Department of Biotechnology.

The session was conducted by Ms. Dimple Gajwani, Art of Living International Faculty, Life Coach, Mindfulness Trainer, Meditation Teacher, and Corporate Trainer. **Mrs. Minal Dipak Chougule** Ma'am graced the occasion with her presence. Also ,SWE Kolhapur Affiliate Coordinator Mrs. Sushmita A. Sarkar along with Head Department of Biotechnology, Faculty members and students enthusiastically participated in the session.

The primary objective of the lecture was to create awareness about the importance of mental well-being, mindfulness, emotional balance, stress management, and maintaining a healthy lifestyle in today's fast-paced academic and professional environment. The session emphasized the significance of inner peace, positive thinking, concentration, and self-discipline in achieving both personal and professional growth.

Ms. Dimple Gajwani conducted the session in a highly interactive and engaging manner. She actively interacted with the students and faculty members and encouraged everyone to participate in various mindfulness and breathing activities. The session included breathing exercises, concentration techniques, meditation practices, and relaxation activities that helped participants experience calmness, focus, and mental clarity.

One of the major highlights of the program was the introduction to Sudarshan Kriya and its benefits in reducing stress, improving emotional stability, increasing concentration, and enhancing overall well-being. The speaker explained the importance of practicing such techniques regularly to maintain mental and physical health. All the participants enthusiastically followed the instructions and actively performed the practices demonstrated during the session.

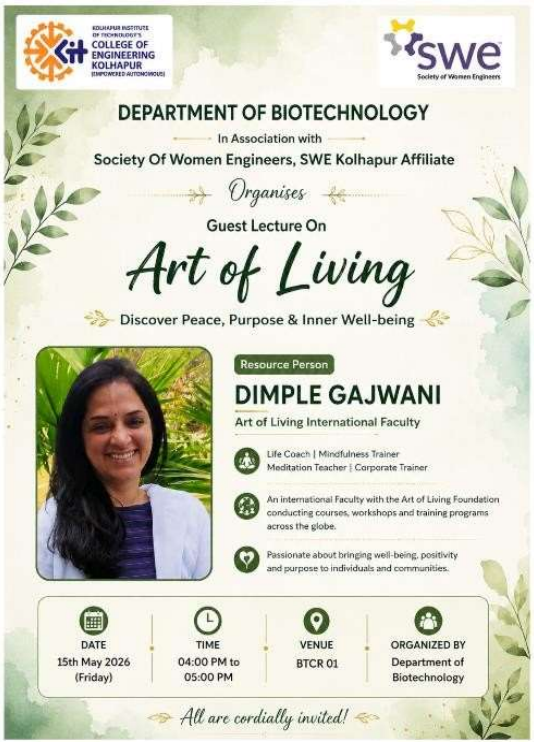

The lecture created a positive and energetic atmosphere in the department. The participants found the session highly informative, inspiring, and beneficial. The interactive activities and practical demonstrations helped everyone understand the importance of mindfulness and healthy living in daily life.The program concluded with a vote of thanks expressing sincere gratitude to Ms. Dimple Gajwani for her valuable guidance and inspiring interaction. Sincere gratitude was expressed to **Dr. Pallavi Patil , Head Department of Biotechnology.**

EVENT 5: Guest Lecture on "Android App Development"

The Department of Computer Science & Engineering, in association with the Society of Women Engineers (SWE) Kolhapur Affiliate and Computer Society Of India, successfully organized a Guest Lecture on the topic "**Android App Development**" on **16th May 2026** from **5:00 PM to 6:30 PM** in online mode at KIT's College of Engineering, Kolhapur. The activity was coordinated by **Dr. Sonal Ayare** , Departmental SWE Coordinator, Department of Computer Science & Engineering.

EVENT 6: Guest Lecture on ”Financial Literacy for Women”

The Department of Mechanical Engineering, in association with the Society of Women Engineers (SWE) Kolhapur Affiliate and Mechanical Engineering Students Ladies Association (MESLA), successfully organized a Guest Lecture on the topic “**Financial Literacy for Women**” on **20th May 2026** from **4:00 PM to 5:00 PM** in online mode at KIT’s College of Engineering, Kolhapur. The activity was coordinated by **Dr. Vinita Mane** , Departmental SWE Coordinator, Department of Mechanical Engineering.

Society Of Women Engineers SWE, is a global forum which is centered around a passion for our members success and continues to evolve with the challenges and opportunities, reflected in today’s exciting engineering and technology specialties. Society Of Women Engineers, acts as a catalyst in empowering women to achieve their full potential in careers as engineers and leaders; expand the image of the engineering and technology professions as a positive force in improving the quality of life, and demonstrate the value of diversity and inclusion.

For more than seven decades, SWE has given women engineers a unique place and voice within the engineering industry. The session focused on analog circuits basics in accordance with power electronics contributing towards design applications. It was an interactive session backed by quiz and questionnaires where the participants were clarified with their doubts.

Mrs. Sushmita A. Sarkar ,SWE Kolhapur Affiliate Coordinator proposed vote of thanks in which she expressed gratitude towards the management of KIT Chairman Shri Sunil Kulkarni, Vice Chairman Shri

Sajid Hudli, Secretary Shri Dipak Chougule, Director Dr. Mohan B. Vanarotti. A special mention was made for Ms. Sharanya Menon, President of SWE Kolhapur Affiliate & Menon Pistons Ltd. for associating with Society Of Women Engineers, SWE.
